To the Food and Drug Administration:

I am writing to urge you to change your regulations and prohibit the forced molting of egg-laying hens by starvation. It is my understanding that this practice is detrimental to the immune system of the hens. The result is contamination of the eggs with salmonella bacteria!

The pertinent DOCKET NUMBERS are:

98N-1230
96P-0418
97P-0197

Thank you,
